5. **10 Year Comparison: Comparison indicates signs of change**
- A. **Tobacco Comparison (no vaping data available for comparison):**
- **2009**
    - ✓ 47.7% of students tried smoking a cigarette.
    - ✓ 10.4% of students smoked more than 10 cigarettes per day in the past 30 days.
  - **2019**
    - ✓ 23.7% of students tried smoking a cigarette.
    - ✓ 0.5% of students smoked more than 10 cigarettes per day in the past 30 days.
  - **Trend**
    - ✓ Decreased by 24.0%
    - ✓ Decreased by 9.9%
- B. **Alcohol Comparison:**
- **2009**
    - ✓ 75.2% of students had at least one drink of alcohol 1 day or more in their life.
    - ✓ 27.5% of students had 5 drinks or more in a row in the past 30 days.
  - **2019**
    - ✓ 52.7% of students had at least one drink of alcohol 1 day or more in their life.
    - ✓ 10.0% of students had 5 drinks or more in a row in the past 30 days.
  - **Trend**
    - ✓ Decreased by 22.5%
    - ✓ Decreased by 17.5%
- C. **Marijuana Comparison:**
- **2009**
    - ✓ 35.5% of students used marijuana at least once in their life.
  - **2019**
    - ✓ 37.2% of students used marijuana at least once in their life.
  - **Trend**
    - ✓ Increased by 1.7%
- D. **Other Drug Comparison:**
- **2009**
    - ✓ 11.3% of students have sniffed glue, aerosols, paints to get high at least once in their life.
  - **2019**
    - ✓ 8.9% of students have sniffed glue, aerosols, paints to get high at least once in their life.
  - **Trend**
    - ✓ Decreased by 2.4%.
- **Comments:**
    1. **What contributed to the decreases:**
      - Public Health
      - Evidence based initiatives have had a large impact
      - Policy changes
      - Cost of Tobacco
    2. **Vaping may alter the trend and change the amount of decrease.**
    3. **Vaping Task Force - See Emma Smales if you are interested in joining**

	<ol style="list-style-type: none"> <li>4. How has the legalization of marijuana impacted usage? It does not appear to have has a significant effect to date. The next YRBS should show if the trends in usage have seen any changes.</li> <li>5. Is usage of any of these products higher in the LGBTQ youth? Brenna will look closer to determine.</li> <li>6.
