Wrestling practice received CRT by Joe Brumfield. The wrestling coaches were taking it hard. The brother was on the wrestling team also. They were also able to meet one on one with students. Rather than in group. There where school counselors that shouldn't have been there, due to being so close to the family or the student that passed. Some felt NOVA CRT was not helpful for those close to the student or that the NOVA training didn't show what to do if no one answers the questions.</li> <li>Victim went to CTC also. CTC had their own thing.</li> <li>Trauma Vs. Grief. Loss team is more on the Grief side because it is personal. Seems that a cross training (intervention team) would be appropriated. We have many trained in different scopes being able to created one group, so we can pull who we need at the time base on their training.</li> <li>SCS has a group of people already in place to respond if needed</li> <li>On-going Clark County CRT will be run by EMA (Ken Johnson)</li> </ul>	<p>EMA (Ken Johnson)</p>
